Telenity Appoints Roger Whitham as Vice President of Global Operations and Corporate Development

Monroe, CT – September 6, 2007 – Telenity (www.telenity.com), a leading provider of next generation converged services platforms and applications for communications networks, today announced the appointment of Mr. Roger Whitham to the position of Vice President of Global Operations and Corporate Development. He will report directly to Dilip Singh, CEO at Telenity.

“As a growth company, Telenity is well positioned to benefit from the recent developments in the service delivery platforms (SDP) market and the surge in new mobile video services that enhance subscriber’s personal cell phone experience,” said Roger Whitham. “We will streamline our operations to hire and retain the best talent, and use selective mergers and acquisitions as a vehicle to create more value for our customers and our stakeholders.”

“Roger has tremendous experience in corporate development and operations and we are pleased to have him as part of our executive team,” said Dilip Singh, CEO at Telenity. “Mergers and acquisitions will play a significant role in the execution of our growth plan and Roger’s expertise will allow Telenity to capitalize on the significant opportunity we see in the market today.”

Roger Whitham’s over 20 years of industry experience includes executive positions in finance, operations and corporate development for companies focused on SS7, wireless and wireline value added services, billing and IP based next generation platforms. Whitham holds an MBA degree from University of Hartford, CT. Before joining Telenity, Whitham was the Commercial Director at INTEC Billing, Inc. (formerly ADC Telecommunications Software Systems Division). Previously, Whitham held director and manager positions at NewNet and Fleet Bank and several other financial organizations.

About Telenity
